BUILDING A HEALTHY NATION THROUGH RESEARCH

ROLE OF THE PHARMACIST

- ORDERING OF DESTRUCTION BUCKETS

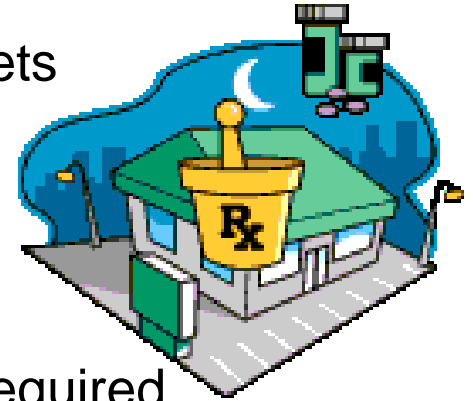

- LABELLING AND ISSUING OF BUCKETS

- ASSISTING THE CLINIC WITH THE DESTRUCTION
PROCESS

- QC OF CLINIC DESTRUCTION DOCUMENTS

- Ordering of Pharmaceutical Waste Destruction Buckets is done via Central Pharmacy

- Sites Pharmacists order from Central Pharmacy as required
- Stock is kept at the site Pharmacy and issued to the clinic as needed
- Pharmacy will track the issuing of the bucket via an Accountability Log

- Each bucket has a unique Compass Waste barcode
- The bucket has a safety lid (that was ordered specifically for MTN 020) to ensure that rings cannot be removed once inserted into the bucket
- To simplify the identification process, each bucket is labeled with a unique identifier, S-D-1 (site-destruction-1)
- Example: for Isipingo it is I-D-1. The next bucket is assigned I-D-2 and so forth.

1

- Each nurses room will have a Destruction Bucket
- The used ring is collected from the participant and sent either to Lab (at specific visits) or inserted into the Destruction Bucket

2

- The nurses will complete the MTN-020 Participant Specific Ring Accountability Record Ring Collection/Insertion CRF

3

- Once the bucket is full the nurse will enter the bucket details on the Clinic Study Product Accountability Log Cover Page.

4

- The nurse will contact Compass Waste to inform them that there are Pharmaceutical Waste buckets for collection.
- All Documentation will be filed in the Clinic Destruction File

- Pharmacists will initially assist the clinic staff with the Destruction
- Pharmacists will assist with the QC of the following documents:
 - MTN-020 Participant Specific Ring Accountability Record
 - Ring Collection/Insertion CRF – RCI-1
 - Clinic Study Product Accountability Log Cover Page
- Pharmacists can also assist with follow up of Destruction Certificates
