IN-DEPTH INTERVIEW ON DOUCHE ADHERENCE AND ACCEPTABILITY

TEXT IN CAPS WILL NOT BE READ TO THE PARTICIPANT.

Hi! Are you able to see me well? Great. How are you doing?

Hello, my name is [Interviewer's name] and I'll be your interviewer today. I want to begin by thanking you for taking the time to talk with me. Your experience and thoughts about the study are very valuable to future research so we really appreciate you taking the time to participate in this interview today.

Some of the questions are sensitive but everything we discuss will be kept confidential. Audio from our session will be recorded and transcribed, but key identifiable information—such as names or places—will be removed from the transcript to protect your privacy. Any question you would rather not answer let me know and we can skip it. You have the right to withdraw at any point in the study. In total the interview should last about 15 minutes.

I want to stress that we're looking for feedback, whether it be good or bad. There are no right or wrong answers. We really want to know what you think, so please don't hold back with your responses and answer as honestly as possible.

In case of an adverse event or social harm that is reported during the interview, I will encourage you to report that information to clinical staff if you haven't already done so. I will also report an adverse event or social harm to study staff after our interview. An example of an adverse event is an undesirable experience associated with the rectal douche such as an allergic reaction. An example of a social harm is experiencing difficulties in personal relationships as a consequence of study participation.

I want to remind you that everything we talk about is confidential. I will not be reporting your answers to the study staff and whatever you say will not affect your participation in this study. We will record this conversation, is that okay with you?

[TURN ON RECORDER]

Do you have any questions before we get started?

SMS REPORTING

Before we begin, I would just like to review with you what you reported in the SMS system. I will then go on to ask you specifically about your experiences.

[IDI STAFF WILL REVIEW THE OUTPUT PRODUCED USING DATA REPORTED TO THE SMS SYSTEM PRIOR TO THIS TELECONFERENCE. THEY WILL REVIEW THE REPORTS WITH THE PARTICIPANT, CHECKING ITS ACCURACY AND HIGHLIGHTING:

- Number of SMS events
- Reports of Sexual Activity

- Reports of douche use with sexual activity
- Reports of douche use without sexual activity

Probes:

- Are these information correct?
- Did we miss any events not reflected in the SMS summary?

Probes:

- How did the application of the douche in the clinic go?
- Did you have any difficulties learning how to apply the douche during this clinic visit?

PRODUCT USE AT HOME

Now, thinking about your use of the rectal douche after you left the clinic, I'd like to learn about your use of use the douche during the past 4 weeks.

Let's start with the first time you used the douche outside of the clinic....

Probes:

- Where were you the first time you used it outside of the clinic?
- How did it go?

How, if at all, did your use of the douche change over time?

- How does using the douche compare to using other products you have used rectally before starting this study?

PRODUCT USE WITH RECEPTIVE ANAL SEX

[IF PRODUCT USED WITH SEX] You reported that you used the douche before receptive anal sex. Tell me more about that.

Probes:

- What was your experience using the douche prior to receptive anal sex?
- How, if at all, did the douche affect the sexual encounter (spontaneity, privacy, negotiation, pleasure, partner pleasure; overall and specific incident)?
- Did you use the douche after receptive anal sex?

Partner-specific Probes:

- Tell me a little about the person(s) with whom you had receptive anal sex.
- What kind of relationship do you have with him (them)?
- Where did you have sex?
- Did you use condoms and lubricant during anal sex?
- Can you tell me how did you guys end up using (or not using) condoms?
- Did you tell your partner about the douche? Tell me about that conversation.
- What was his (their) reaction?

Were there times that you wanted to use the douche prior to receptive anal sex but weren't able to? Tell me about that.

Probes:

- Why weren't you able to use the douche prior to receptive anal sex?
- Tell me a little about the person(s) with whom you had receptive anal sex.
- What kind of relationship do you have with him (them)?
- Where did you have sex?
- Did you use condoms and lubricant during anal sex?

[IF THE PARTICIPANT REPORTED NO RECEPTIVE SEX DURING 4 weeks] You reported that you used the douche outside of receptive anal sex. Tell me more about that.

- What was your experience using the douche when you didn't have receptive anal sex?
- When did you use the douche? (e.g., before bed, in the morning)

PROBLEMS

Did you encounter any challenges using the douche? Tell me more about that.

Probes:

- What problem did you have?
- What did you do about it?

STORAGE & PRIVACY

Where did you store the douches over the past 4 weeks?

Probes:

- How did you feel about privacy in your use of the douche?
- Did you have any difficulties accessing the douches when you wanted to use them?
- Did you come up with any tricks to remember to use the douche as required by this study?

OTHER RECTAL PRACTICES

Tell me about any other douches or products you may have used rectally over the past 4 weeks.

Probes:

- Aside from the douche provided in this study, did you use any other douche/douche over the past 4 weeks?
 - If yes, what did you use?

- Did you use any other rectal products over the past 4 weeks? (e.g. other lubricants)

WRAP-UP

Great. You have completed the interview. Do you have any questions for me before we conclude this interview?

Thanks again for participating in this study and thank you for taking the time to speak with me today.
