

MTN-041 Data Communiqué #2 – 03 June 2018

This is official study documentation for MTN-041. Please circulate it among relevant staff for their review, print it, and file it in the Data Communiqués section of the MTN-041 SSP. This document is considered part of the MTN-041 SSP manual.

CRF CLARIFICATIONS

CRF Completion Clarifications

1. **Participant Status Form (PSF), has been updated to version 1.3, dated 02 July 2018. Version 1.3 includes an updated skip pattern:**

The skip pattern on Question #9 has been corrected so that individuals participating in an FGD (pregnant and breastfeeding women, male partners, and grandmothers) are directed to Question #11 instead of Question #10, which pertains only to key informants.

2. **PSF Version History:**

PSF version 1.1: issued prior to the activation of MTN-041. The file name captured the correct version (1.1) and date (05 March 2018), however, the footer reflected the previous version (1.0) and date (08 February 2018). This note serves as documentation of this error.

PSF version 1.2: finalized on 26 June 2018 and issued on 27 June 2018 with correct version (1.2) and date (26 June 2018) in the footer.

PSF version 1.3: finalized on 02 July 2018 and issued on 03 July 2018 with correct version (1.3) and date (02 July 2018) in the footer.
